The rider may touch the pole with their hands. Failure to correctly complete the pattern shall result in a no-time.
6. **STAKE RACE:** The start and finish line will be twenty (20) feet wide and marked by two (2) upright markers (short pylons or cones), placed ten (10) feet on each side of the center of the line and short enough so as to not interfere with the timer. The first and fifth poles marking the centerline are each forty two (42) feet from the start and finish line, making them a total of eighty four (84) feet apart. Timing begins as soon as the horse's nose reaches the starting line at the center of the pattern.
